

Hallelujah When We Get Home

Verse 1

There's a land with a City built foursquare
No more death or dying
No sorrow over there
We'll stroll down by the Tree of Life
In a place where there will be no night
Hallelujah when we get home

Chorus

It's gonna be Hallelujah when we get home
It's gonna be Hallelujah when we march around the throne
We're gonna give the Lord the highest praise
Eternity, endless days
Hallelujah when we get home

Verse 2

We'll see our friends from long ago
In a place where the milk, the milk and honey flows
We'll watch a parade, the saints go by
On streets of gold, transparent light
Hallelujah when we get home

Chorus Three Times
