

# At Calvary

## Verse 1

I was lost buried in confusion  
Stumbling in the dark  
All my past, the weight of imperfection  
Crushed hope out of my heart  
The people around me seemed so far beyond my reach  
Could anyone fill the emptiness inside of me?

## Chorus

You gave me Calvary  
You gave me everything  
To show me life that I might find  
I needed Calvary so I could give everything  
That I might die and I might find Your life  
At Calvary

## Verse 2

Then life got lost buried in the business  
Of living in my skin  
Present hope  
And future visions  
Clouded out by things within  
The war between me and my self-clawed my battered soul  
What could break off the chains that barred me from my goal

## Chorus

## Bridge

That I might know You  
That I might share with You  
In everything, Your suffering  
That I might know You  
In death conformed to You  
The power of Your Resurrection  
My Strength, my Hope, and my Protection

## Chorus
