

Eyes Of Tomorrow

Verse 1

She thought she'd come to the well that day for another day's supply
Unaware someone was waiting to give a brand new life
She said Sir, You just don't understand
But in the eyes of mortal man
My life is nothing more than a disgrace
But in His eyes she found amazing grace

Chorus

Through the eyes of tomorrow He saw past her yesterday
He saw her walking streets of gold in a land of endless day
Redeemed and washed as white as snow
Kneeling at His throne of grace
Through the eyes of tomorrow He saw past her yesterday

Verse 2

I too once searched for something to fill the emptiness inside
And the moment Jesus found me
He brought my soul to life
He saw past all that I had done
And all my life had become
No longer bound in heavy chains of sin
But free to live a life that never ends

Chorus

Through the eyes of tomorrow He saw past my yesterday
He saw me walking streets of gold in a land of endless day
Redeemed and washed as white as snow
Kneeling at His throne of grace
Through the eyes of tomorrow He saw past my yesterday

Bridge

Redeemed and washed as white as snow
Kneeling at His throne of grace
Through the eyes of tomorrow He saw past my yesterday.
