

Keep On

Verse 1

As I traveled along on life's highway,
My soul was so laden with care.
And my feet grew so tired and weary,
As I stood on the brink of despair.
I said, "Lord I can't go any farther,
This load is too heavy for me."
And He said, "My son, you must journey on;
Faint not, there's a harvest to reap."

Chorus

Just keep on standing for what is right,
Keep shining out in the midst of the night.
Keep on proclaiming that Christ is the way,
And that His blood has the power to save.
Keep on believing that God still can
Redeem each soul that is lost and in sin.
Though Satan tells you the work can't be done,
Brother, keep on.

Verse 2

So have you become tired in serving?
Are you weak from the trials you've faced?
Do you feel there's no strength for the journey?
And have you lost heart in the race?
Then cast all your burdens on Jesus,
And His grace will carry you through.
Child, lift up your eyes, press on toward the prize,
There's a crown that is waiting for you.
