

# Live The Songs We Sing

## Verse 1

Once again we gather, walk through these old church doors  
And we go through the motions like so many times before  
Three songs and an offering and a prayer for those in need  
A message of salvation and to practice what we preach  
And we know all the words and we sing every part  
But are we really listening with our hearts

## Chorus

Cause we sing *I Surrender All* while we hold on to the pew  
And *Jesus Loves The Little Children* but we don't act like we do  
And we've got *Victory in Jesus* but we hold onto defeat  
But my prayer will be we'll live the songs we sing

## Verse 2

They say you'll say what you think but, you live what you believe  
So we'll put on our best smile thinking no one else will see  
The struggles in our lives and the things that make us weak  
So we'll say all the right lines and pretend our spirit's sweet  
But God, He knows our hearts and He sees everything  
We'll sing *I Must Tell Jesus* though we haven't prayed in weeks

## Chorus

And we'll sing *I Surrender All* while we hold on to the pew  
And *Jesus Loves The Little Children* but we don't act like we do  
And we'll sing *Victory In Jesus* while we'll hold onto defeat  
But my prayer will be we'll live the songs we sing

And we'll sing *I Surrender All* and we'll let go of the pew  
And *Jesus Loves The Little Children* and we'll act just like we do  
And we've got *Victory In Jesus* and we'll let go of defeat  
But my prayer will be we'll live the songs we sing  
Yes, my prayer will be we'll live the songs we sing
