

# Secret Place

## **Chorus**

I found a secret place  
In the shadow of His love  
I found a hiding place  
A haven where I can run  
In that place I find joy  
No confusion and no toil  
And I just hide away  
In that secret place

## **Verse 1**

Sometimes life can be so rough  
Like a desert, it leaves you dry  
Thirsting for the joy of life  
Wondering how it slipped you by  
But I know just where to go  
When you feel you've lost the race  
For in the presence of the Lord  
I found a secret place

## **Chorus**

## **Bridge**

When the world around me crumbles and falls  
The love of Jesus hides me safely in His arms

## **Chorus**

## **Tag**

In that place I find joy  
No confusion and no toil  
And I just hide away  
In that secret place  
In that secret place
