

To Be Forgiven

Verse 1

Wish I could turn back time
Look back without regret
Walk with His hand in mine
The years before we met
But with His nail scarred hands
He wiped away the past
To be forgiven I only had to ask

Chorus

I can't go back again
And change yesterday
Undo mistakes I've made
Take back the things I said
But mercy covers sin
It's not too great a task
To be forgiven I only have to ask

Verse 2

Sometimes it's hard to see
I guess I'll never know
The worth He found in me
Or why He loved me so
Yet when I called His name
I was set free at last
To be forgiven I only had to ask

Chorus
